TWO CENTS

THE SENATE DETERMINED TO ORATE

Impossible to Say When a Vote on the Cuban Matter Will Be Taken.

MAY BALLOT ON SATURDAY

Likely to Sit Continuously Today Until There Is an Agreement.

SPANISH MINISTER READY TO GO.

Official Archives Sealed For Transferal to the French Ambassador Pending Specific Instructions From Madrid. Foreign Diplomats Regard War as Inevitable—Still Talk of More Definite Mediation by the European Powers. Unmistakable Policy of Spain Is to Resist Armed Intervention In Cuba as an Attack Upon Her Sovereignty—The Spanish Minister, Who Has Been the Recipient of Many Social Attentions In Washington, Has Decided to Decline Further Invitations.

WASHINGTON, April 15.—It is impossible now to say when a vote will be taken by the senate on the Cuban question, and the utmost the friends of the pending resolution hope is to secure a vote by the end of the week.

The principal trouble seems to be that the members want time to make speeches.

The vice president has already received requests from about 20 senators for recognition to speak, and others are expected to make similar application. All these insist that they have no intention of speaking for the purpose of causing delay, but nevertheless they will consume many hours of time. It would seem now that even in case of a continuous session a vote would not be probable before Saturday.

The list of those who have expressed a desire to speak includes the following senators: Cullom, Daniel, Frye, Tillman, Wolcott, Spooner, Chilton, Platt (Conn.), Cannon, Pettigrew, Proctor, Burrows, Bacon, Wellington, Stewart, Caffery, Hawley, White and Rawlins.

Conferences of senators have been held looking to a possible agreement upon the form of resolution to be sent to the president. Great efforts were made for the house resolution, which was known to be satisfactory to the president and which was supported by the conservative senators. It is not believed that the house resolution can pass the senate, and the prospects are that the committee resolution will have an amendment recognizing the republic of Cuba before it is passed, the friends of recognition claiming a clear majority for it.

The conservative senators believe the house proposition will win in conference, the impression being that the house will refuse to yield and, in order to prevent further delay, the friends of Cuba in the senate will accept the house proposition.

Senator Davis, in charge of the resolution, will ask the senate to sit continuously today unless an agreement to fix a time for a vote can be secured. "I see no other way of bringing the matter to an issue," he said. "I, of course, do not enjoy night sessions any more than other senators, but I appreciate the importance of getting the speeches off and of securing a vote at the earliest possible hour."

Anxious as Senator Davis and others of his mind are for a speedy vote, the indications are for considerable delay.

The Spanish minister, Senor Polo, has made final preparations for his departure from Washington, but no actual step in that direction will be taken until specific instructions are received from Madrid. Up to the present time there have been no such instructions and no intimations that they were about to come, but the preparations for removal have been completed in view of the obvious condition of affairs. The official archives, which constitute the most important possession of the Spanish legation, have been sealed in readiness to be placed in charge of the French ambassador at Washington, M. Cambon. They fill a dozen or more large cases, each protected by heavy wire screened doors. The transfer of these documents has not been ordered from Madrid, nor has the foreign office at Paris instructed M. Cambon to receive them and act temporarily in behalf of the Spanish government.

At the same time a call by the French ambassador to the Spanish legation, and a return call by Senor Polo to the French embassy, brought about an understanding as to what steps would be taken in the event of the retirement of the minister.

Until yesterday the Spanish minister had continued to accept the social courtesies extended to him, these being numerous and including the hospitality of cabinet officers and others high in the government service.

In view, however, of the reports of the foreign committees in congress and of the grave trend of affairs he has decided not to accept further courtesies of this character, as it necessarily involves his coming into close personal relations with public men who may have participated in the severe, and in his judgment, unwarranted, denunciation of Spain in official reports.

It is the feeling in diplomatic circles that under ordinary circumstances the action in congress—the report of the two foreign committees, the passage of resolutions by the house and the character of the debate—would make it incumbent on the Spanish minister to leave without further awaiting eventualities, which are now regarded as unavoidable. But against this it is known that the Spanish government will not, either by the withdrawal of the minister or any other conspicuous step, place itself in a position of having invited a recourse to war, on the contrary, the entire policy at Madrid, it is stated, is to remain passive until the United States not only makes the tender of war but executes it by unmistakable overt acts.

It has further been developed, as the unmistakable policy of Spain, that she will resist armed intervention in Cuba as an attack upon her sovereignty. Although unofficial suggestions have appeared in the inspired press of Madrid that a protest might be made against that feature of the president's message suggesting armed intervention, no such protest has been made, nor, it is said, is there any present probability that it will be made. The only certain feature in this regard is that the Spanish cabinet has resolved to yield to no pressure, no matter how great, toward American intervention in Cuba, but to accept such act of intervention as meaning war.

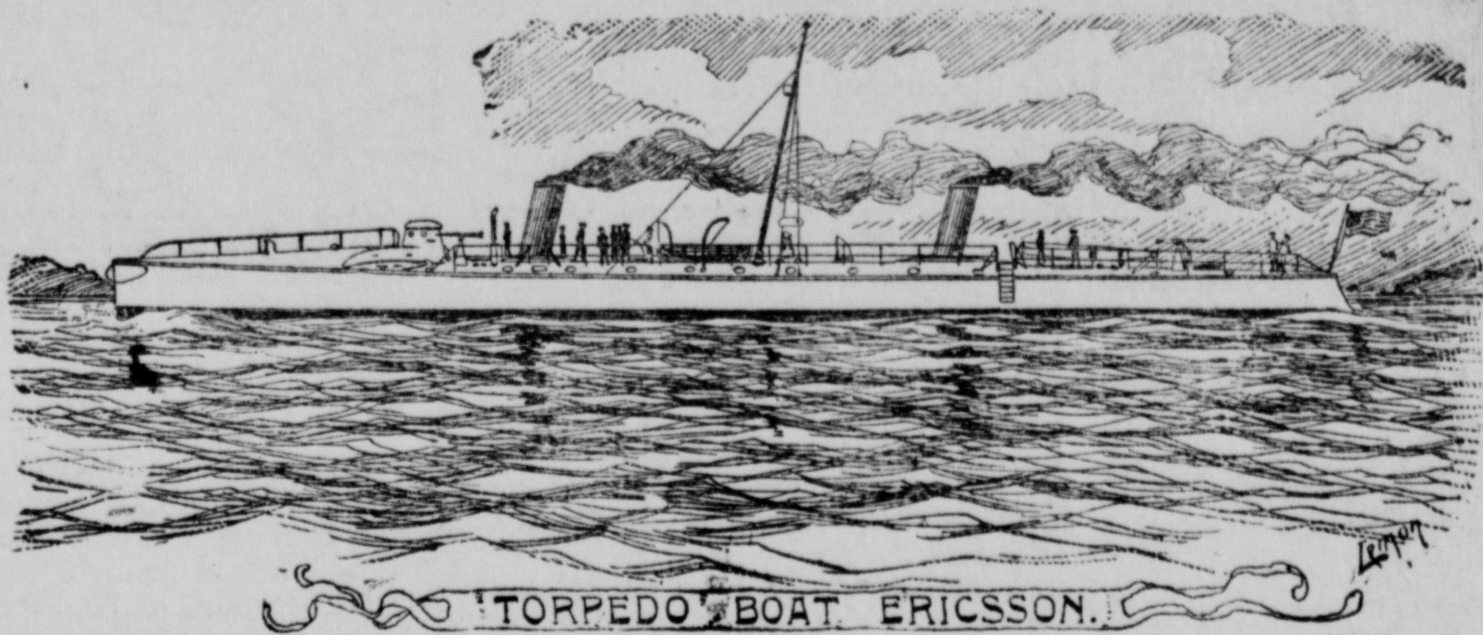

Cardinal Rampolla's dispatch from the vatican to the foreign office at Madrid stating that a peace settlement was still likely, is known here to have been made on advices sent from Washington some days ago, which in no way reflect today's condition of affairs. The advices were sent by Archbishop Ireland, who at the time of the dispatch believed the tendencies were more pacific. This, however, was before either branch of congress had acted. What further views the archbishop has communicated, if any, to meet the changed condition of affairs, is not known, but the fact of his advices to the vatican two days ago are known with circumstantial detail.

There is in diplomatic circles renewed talk of European intervention on more definite lines than heretofore. It has not yet advanced to the point, however, of a joint policy or the exchange of notes, either among the ambassadors and ministers at Washington or at the capitals of Europe, and if anything is done it probably will be only after a further appeal from the Spanish government, similar to the appeal which induced the recent action of the powers.

The nature of this appeal, it is pointed out, would be to show that Spain's recent concessions, granting an armistice, was made on the joint request of the powers, and taking the ground that as the powers had brought about this action by Spain, they should lend their united influence in seeing that time was allowed to try the efficacy of this concession.

It is the belief among diplomats here that Spain will make this appeal and that it will meet with favorable response, but word has not yet come that the step has been taken.

The sentiment at the embassies and legations was that the action in congress made war inevitable and that litigation as a means of escape remained to escape from it.

HE PAID AN OLD FINE

Henry Schenkle Was In Jail Two Hours

THE EX-MAYOR IS COLLECTING

The First Case to Cause a Ripple of Excitement About City Hall Appeared Yesterday Afternoon—Thought the Matter Ended.

Ex-Mayor Gilbert is collecting from the delinquents who were fined for various offenses during his term of office, but neglected to settle with the city before last Tuesday. Yesterday afternoon the first detention for refusal to pay caused some stir about city hall.

Last June Henry Schenkle was arrested and fined \$7.60 for gambling. He promised to pay, and was released. The account was never settled, and Chief Johnson called yesterday with the bill. Schenkle accompanied the officer to city hall where he was locked up, and his father notified. He soon entered Mayor Bough's office and asked that his son be released, saying that he would stand trail. He held that when Henry was released on promise to pay Mayor Gilbert could not see it in that light, and after two hours Henry was released, the old fine being paid.

All others who are indebted to the city will receive the same treatment, for the books are to be balanced at once.

Some Baseball News.

The city league will meet this evening at city hall for the purpose of perfecting their organization.

THE BOLDEST MOVE

We have ever attempted is apt to meet with the success it richly deserves. A maker of the **finest ready-to-wear Clothing on Earth** suggested that if we took a full line of his famous production, he would fix upon an average price, so little beyond the actual cost that we could control the trade of all fashionably and economically inclined gentlemen within a radius of shopping distance. To be brief, we investigated, were impressed, and entered into the scheme with greater vim than the even the promoter anticipated.

The first installment of the Suits and Topcoats have arrived. They are magnificent productions of weavers' art and tailors' skill. Comparing them with some we had already bought from other makers, they should be marked \$12, \$13, and \$14. The best patterns, the purest wool, the finest trimmings, honestly made, thoroughly sponged, grandest assortment, including **Suits of every desirable cut, including fine Black Cheviot Topcoats**, with lapped seams, and with silk facing. The best shades of rich tans, including in fact all that good dressers could desire. The bold figure at the top will tell you the price, **\$9.75**, Nine-Seventy-Five, and if you find as good anywhere under \$12 to \$14, after you've bought and paid for these, money will be refunded without a murmur. You know our business methods prohibit boasting; you know exaggeration isn't in our line; we tell you this is a chance not to be overlooked. We ask those who have \$12 to \$14 to spend for a suit or topcoat to inspect these first; we ask no one to buy who is not tempted by the values. No importuning, no persuading. The goods must sell themselves. Our salesmen are here to assist, to see that you are properly fitted, to help you in selecting.

We have cheaper Suits and Topcoats; we have higher priced, \$4 to \$20, but we honestly believe these all will lay idle while the assortment shown at \$9.75 is here to interfere with them.

A few words regarding our improved departments.

In the Basement.

The assortment of Trunks and Traveling Bags are marked at attractive prices, starting with a good Valise, with lock and catches, which ordinarily sells at 90c, marked here 50c.

A well built Trunk, with iron bottom, steel clamps, good lock, lined with durable materials, at only \$2.

THE EIGHTH GATHERING

Epworthians Will Convene at 'Bloomingdale.

LIVERPOOL WILL BE THERE

The Program Provides For Interesting Meetings May 18 and 19—Delegates Are Expected to Take Their Bibles and Pencils.

A meeting in which a large number of young people in this city are interested will be held May 18 and 19, at Bloomingdale, Jefferson county. It is the eighth annual convention of the Steubenville district of the Epworth league.

President Al Ferren, of this city, has, with the assistance of other officers, been busy making preparations for the convention, and they are now almost finished. The call and program issued today asks that delegates be chosen at once, and that they notify Rev. E. T. Mahn, of Bloomingdale. Each senior league is entitled to three delegates, one of them being the pastor. The junior leagues are granted two delegates each, and it is urged that only those persons who can attend be selected. Delegates are expected to take their Bibles and pencils with them, as they will be needed while the convention lasts.

The program provides for a splendid meeting. On Wednesday evening Miss Stella McNutt, district superintendent, will give an address on "Our Juniors." Will Huff, also of this city, will conduct the pentacostal service. William Fatherly, formerly of this city, will have charge of the "Quiet Hour" Thursday morning, and Charles R. Boyce will give an address on the treasurer's work. The service devoted to the Junior league will be conducted by Miss McNutt.

When the sub-district work is taken up Thursday afternoon, A. J. Savage will speak for the First. The discussion, "The duty of Epworthians toward the liquor traffic," Thursday afternoon, is expected to excite general interest. Officers will be elected and the next place of meeting chosen at the afternoon session.

At the last meeting Thursday evening the principal address will be made by Dr. J. S. Reager, of Wellsville, his subject being the "Spirit Filled Life."

These conventions are always important events to the Epworthians of the Steubenville district, but especial pains are being made to have this one better than any of its predecessors.

STAR BARGAIN STORE,

THE BOLDEST MOVE

We have ever attempted is apt to meet with the success it richly deserves. A maker of the **finest ready-to-wear Clothing on Earth** suggested that if we took a full line of his famous production, he would fix upon an average price, so little beyond the actual cost that we could control the trade of all fashionably and economically inclined gentlemen within a radius of shopping distance. To be brief, we investigated, were impressed, and entered into the scheme with greater vim than the even the promoter anticipated.

The first installment of the Suits and Topcoats have arrived. They are magnificent productions of weavers' art and tailors' skill. Comparing them with some we had already bought from other makers, they should be marked \$12, \$13 and \$14. The best patterns, the purest wool, the finest trimmings, honestly made, thoroughly sponged, grandest assortment, including **Suits of every desirable cut, including fine Black Cheviot Topcoats**, with lapped seams, and with silk facing. The best shades of rich tans, including in fact all that good dressers could desire. The bold figure at the top will tell you the price, **\$9.75**, Nine-Seventy-Five, and if you find as good anywhere under \$12 to \$14, after you've bought and paid for these, money will be refunded without a murmur. You know our business methods prohibit boasting; you know exaggeration isn't in our line; we tell you this is a chance not to be overlooked. We ask those who have \$12 to \$14 to spend for a suit or topcoat to inspect these first; we ask no one to buy who is not tempted by the values. No importuning, no persuading. The goods must sell themselves. Our salesmen are here to assist, to see that you are properly fitted, to help you in selecting.

We have cheaper Suits and Topcoats; we have higher priced, \$4 to \$20, but we honestly believe these all will lay idle while the assortment shown at \$9.75 is here to interfere with them.

A few words regarding our improved departments.

THE NEW GAME LAW

What to Shoot and When to Shoot.

THE WARDENS CAN CONFISCATE

And Give to Some Charitable Institution Any Game About to Be Transported Out of the State—Provisions of a Very Good Measure.

The game law recently passed by the legislature is a matter of much interest to sportsmen throughout the state, and by request it is here reproduced.

Under its provisions quail may be killed between the tenth day of November and the 15th day of December; dove, woodcock and squirrel between the fourth day of July and the 15th day of December; pheasant and prairie chicken between the first day of September and the 15th day of December; rail, snipe, wild duck and coot between the first day of September and the 15th day of May; and on every day of the week except Sunday and Monday, but only between the hours of 5 a. m. and 6 p. m., and that it is made unlawful anywhere in the state to kill wild duck on the closed days of the week. It makes it unlawful to sell in the markets of the state any quail, woodcock, pheasant, squirrel or prairie chicken, and gives game wardens authority to confiscate any such game about to be transported out of the state and give them to some charitable institution.

STILL ANOTHER.

Standards in That "Special Service" Are Numerous.

Yesterday afternoon the News Review received information which said the Spanish minister had been recalled, and the news was bulletined. In a few minutes came a telegram denying the first, but adding that Senor Polo was prepared to go at any time, and all his effects were being packed. That immediately replaced the first bulletin.

A local paper received the first intelligence, but its boasted "special service" failed to learn the second and more important information, so its readers went to bed with a wrong impression. Again is there ground for saying that if you see it in the misfit you should investigate before accepting it as truth.

POTTERIES ARE BUSY.

There is no Great Rush, But Orders Are Abundant.

China, Glass and Lamps, in reviewing the pottery trade for the week, says:

"The potteries are generally kept busy, and while very few are crowded, it is certain that all who have goods of merit are meeting with very fair demand. The excellent decorations, fine shapes, and artistic ware now being put on the market by an increasing number of American potteries, is having its effect, and increased business from year to year has come to be looked for with such assurance that if increased capacity is not kept fully employed complaints are readily made."

THE NEWS REVIEW

THE NEW GAME LAW

What to Shoot and When to Shoot.

THE WARDENS CAN CONFISCATE

And Give to Some Charitable Institution Any Game About to Be Transported Out of the State—Provisions of a Very Good Measure.

The game law recently passed by the legislature is a matter of much interest to sportsmen throughout the state, and by request it is here reproduced.

Under its provisions quail may be killed between the tenth day of November and the 15th day of December; dove, woodcock and squirrel between the fourth day of July and the 15th day of December; pheasant and prairie chicken between the first day of September and the 15th day of December; rail, snipe, wild duck and coot between the first day of September and the 15th day of May; and on every day of the week except Sunday and Monday, but only between the hours of 5 a. m. and 6 p. m., and that it is made unlawful anywhere in the state to kill wild duck on the closed days of the week. It makes it unlawful to sell in the markets of the state any quail, woodcock, pheasant, squirrel or prairie chicken, and gives game wardens authority to confiscate any such game about to be transported out of the state and give them to some charitable institution.

STILL ANOTHER.

Standards in That "Special Service" Are Numerous.

Yesterday afternoon the NEWS REVIEW received information which said the Spanish minister had been recalled, and the news was bulletined. In a few minutes came a telegram denying the first, but adding that Senor Polo was prepared to go at any time, and all his effects were being packed. That immediately replaced the first bulletin.

A local paper received the first intelligence, but its boasted "special service" failed to learn the second and more important information, so its readers went to bed with a wrong impression. Again is there ground for saying that if you see it in the misfit you should investigate before accepting it as truth.

POTTERIES ARE BUSY.

There is no Great Rush, But Orders Are Abundant.

China, Glass and Lamps, in reviewing the pottery trade for the week, says:

"The potteries are generally kept busy, and while very few are crowded, it is certain that all who have goods of merit are meeting with very fair demand. The excellent decorations, fine shapes, and artistic ware now being put on the market by an increasing number of American potteries, is having its effect, and increased business from year to year has come to be looked for with such assurance that if increased capacity is not kept fully employed complaints are readily made."

UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Label at the head of their columns.

The legislature has fixed a day for adjournment, but the probabilities are that a great deal of damage will be done before that time.

MRS. HELEN GOUGAR made a free silver speech in Salem the other evening, and the Herald now thinks the country has been saved again.

GENERAL GROSVENOR is ready to continue the battle against the president's opponents. He has been nominated for congress for the sixth time.

The Spaniards who are praising General Weyler as a hero certainly do not expect the world to observe them as respectable members of society.

STRANGE as it may seem the millions of capital invested in the United States has not followed the usual custom and taken the alarm. It does not think it will take long to thrash the Spanish.

The general appropriation bill which passed the senate the other day, provides for the expenditure of an enormous amount of money, but Ohio is a big state and its costs money to keep it going.

The red in the Spanish flag appropriately represents the innocent blood shed in its long career, while the yellow can be taken as that undesirable streak always found in unenviable characters.

MR. MCGARR, who has been serving this country as consul at Cienfuegos, Cuba, thinks it would be a mistake for America to declare war against Spain. That gentleman has probably neglected to read the newspapers.

THERE will be some disappointed boys and some happy mothers in East Liverpool if the Ohio regiments are called to the front according to the seniority of their colonels. The Eighth would be compelled to wait until a number of others have taken the field.

GENERAL LEE'S openly expressed opinion that Spanish military officers caused the explosion which destroyed the Maine cannot but have great weight with the American public. That gentleman has proved his reliability often enough to warrant confidence even in a matter so important as this one cannot but be.

THE PEOPLE'S WISH.

The American people know the horrors of Spanish rule in Cuba. They have followed the events of the last three years with a constantly growing sentiment against the barbarities practiced by that government. They believe the time has come when the United States should use all the force at its command to compel the inauguration of a better condition of affairs on the island by driving the Spanish across the sea and forever banishing the flag from Havana. Statesmen may argue learnedly for peace, and the intricacies of international law may be brought to bear upon the situation, but in these the people are not particularly interested. They cannot forget the murder of American seamen, while the cries of thousands upon thousands of starving women and children rise above the clamor to drown any argument that may be made for concessions on the part of this country. The people demand that the Spanish power be driven from the western hemisphere. If that end can be attained peaceably, then are Americans the greatest of diplomats, but if war is the only alternative, the result will be the same. The red and yellow of Spain, symbol of butchery, robbery and rapine, is doomed.

TRIED BEFORE JUDGE SMITH

The Witnesses Gave Testimony Yesterday Afternoon--Another Case In Court--The Concert--Church Meeting--All the News of Wellsville.

The case of D. T. Lawson against L. M. Dewell was heard yesterday afternoon and today before Judge Smith at city hall. Lawson has held a mortgage on property belonging to Dewell for over 30 years, and now that complications have arisen seeks to recover. The case was bitterly contested.

Thomas K. Ray & Co., of Pittsburg, have brought suit against A. R. Wells and W. F. Henderson for \$256.50 for boots, shoes and rubbers. The case is in common pleas court.

Mr. McGinnis' Concert.

The piano and song recital given by Joseph Denniston McGinnis at city hall last evening was attended by a select audience.

Mr. McGinnis delighted the audience with a number of beautiful piano selections, his friends realizing that he has improved since he last appeared before a Wellsville audience, and that he is an artist, concerning whose future there can be no doubt.

A pleasing feature of the evening was the singing of Miss Vierheller. She captivated the audience by her first effort, and throughout the evening was greeted with enthusiastic applause. Should she ever return she will doubtless be accorded a splendid reception. The recital was beyond question the most important musical event of the season.

The News of Wellsville.

A petition is being circulated and numerous signed to the effect that the person mentioned is sober, honest, truthful and industrious, but having been unemployed for the past 15 years they recommend him for a position on the police force.

A little child of William Thomas, who resides near Yellow Creek, is very ill with brain fever.

W. I. Plotts, of Allegheny, Pa., was in town yesterday.

The Elite dancing club are preparing for a ball to be given May 6.

At the congregational meeting held at the Second Presbyterian church E. S. Mills and J. N. Huston were elected as elders, and D. G. Paisley, P. H. White, J. L. Porter and John Kelley were elected trustees.

F. M. Randels and A. W. Taylor, of Salem, are in town on business.

John Sprinker, of Negley, is in town. C. M. Wells, of Wheeling, is here on business.

The Bachelor Girls' club met with Miss Grace McGregor last evening.

Miss Vierheller and Miss Gebanski were entertained by Miss Everson, Front street. They left on the morning train for Pittsburg.

DIED SUDDENLY.

John Spence Died From an Attack of Heart Trouble.

LISBON, April 15.—[Special]—John Spence, at one time surveyor of Columbiana county, died this morning at his farm in Elkrun township. He has been ill for several days, but members of his family did not think he was in danger.

Mr. Spence is known to a number of people in East Liverpool where his sons, W. H. Spence and Frank Spence, practiced law a few years ago.

ELECTED THE OFFICERS

Sunday School Workers Held a Meeting.

GEORGE C. MURPHY IS PRESIDENT

Rev. S. B. Salmon Will Represent the Association at the Damascus Gathering. Another Session Scheduled For Next Week.

The meeting of superintendents and officers of the various Sunday schools in the city at the First Presbyterian church last night was well attended, 30 being present.

George C. Murphy was made chairman of the meeting, and Reverend Reed was asked to state the object. This was done, and everything in detail was spoken of. The object was the same as stated in this paper yesterday.

The election of officers came next, and after considerable balloting, the following were declared elected: President, George C. Murphy; vice president, John Scott; secretary and treasurer, George Pickering. Several names were presented as delegates to Damascus, but Rev. S. B. Salmon was selected.

Another meeting will be held at the same church April 25, when the bylaws and constitution will be adopted. At this meeting the delegate will receive his instructions, and be asked to report at a meeting held the week following the convention.

Much interest was shown at the meeting last night, and good work is expected to come of the movement.

GRAND CONCERT.

Music Lovers Will Have a Treat at the First Presbyterian Church.

Arrangements are now being made by Miss Carrie E. Kountz, assisted by Miss Carrie Angell, the noted Pittsburg soprano, Miss Lida Andrews, Miss Lida Belle Kountz, Ed H. McIntosh and Mrs. Atwood W. Thomas, for a grand concert to be given in the First Presbyterian church, East Liverpool, on Thursday evening, April 28, for the benefit of the church. Miss Angell will render at least three selections. She is a charming vocalist, and her services are in great demand. The program is a splendid one, and you should not fail to secure choice seats at an early date, as the church will be crowded. Tickets are now on sale at J. R. Warner's shoe house. General admission 35 cents. Reserved seats 50 cents.

One Man Who Is Willing.

W. S. Brown, of the Chicago, Milwaukee and St. Paul railroad and J. F. Constans, of the Frisco, were in the city today looking for business and incidentally talking war.

"I'll go to the front if Brown promises to accompany me," said Mr. Constans. "Just think what fun a cannon ball would have with him," and he laughed as he surveyed his friend's 250 pounds and thought with satisfaction of his own 125.

If war does come you will want shoes just the same. Call and get a pair from our elegant spring stock.

FRANK, SHUMAKER & Co.

Attending a Meeting.

The township trustees are today in Lisbon attending a business meeting of the infirmity directors.

They have several matters to discuss, among the most important being the engaging of a township physician for this township. A number of poor cases in the city will also be disposed of.

Our men's suits at \$9.75 clinch all arguments as to where you get the most for your money—

You can buy just as nice footwear after Easter as before. Try it.

FIRST TO THE SUPREME COURT

Then Organize the Board of Education According to the Decision--That Would Do Away With Possibility of Illegal Action In the Transaction of Business.

EDITOR NEWS REVIEW:—In the Crisis of yesterday appeared an article represented as statements by members of the proposed new school board which seems to demand attention because of the obvious purpose for which it is printed.

I assure all concerned that I will seek to place no legal obstructions in the way of any person legally entitled to a place on the next board of education. Neither do I intend that any man shall stand an illegal barrier in the way of exercising my constitutional rights. If there are legal barriers, as they seem to understand, others than I are responsible. I would spurn a seat on the board if there was a doubt as to my legal right existing in my mind, and I know there are some among the members-elect too honorable to want a position by over-riding the conceded rights of others, and attention cannot be diverted from the real issue by degrading it to the level of personal retaliation and an effort to injure the reputation of their fellow man by charges unsupported even by the names of those who make them. I simply ask the public to do me the justice of suspending judgment until the case is tried, and to test the honor of all concerned I will agree to the following as a final settlement of the whole matter at issue:

That all claiming a seat on the next board agree to join in a petition, asking the supreme court to decide the constitutionality of the "Blake Law" and designate who shall constitute the next board of education, and pending the decision of said court that there will be no effort made to organize the new board, but the present board to hold over until the legal points are settled.

I submit it to your readers whether or not this is fair. Desiring what is right and honorable, and that which will tend to good feeling and the best interests of our schools,

I am respectfully yours,
J. C. M'CLAIN.

TRIED BEFORE JUDGE SMITH

The Witnesses Gave Testimony Yesterday Afternoon--Another Case In Court--The Concert--Church Meeting--All the News of Wellsville.

The case of D. T. Lawson against L. M. Dewell was heard yesterday afternoon and today before Judge Smith at city hall. Lawson has held a mortgage on property belonging to Dewell for over 30 years, and now that complications have arisen seeks to recover. The case was bitterly contested.

Thomas K. Ray & Co., of Pittsburg, have brought suit against A. R. Wells and W. F. Henderson for \$256.50 for boots, shoes and rubbers. The case is in common pleas court.

Mr. McGinnis' Concert.

The piano and song recital given by Joseph Denniston McGinnis at city hall last evening was attended by a select audience.

Mr. McGinnis delighted the audience with a number of beautiful piano selections, his friends realizing that he has improved since he last appeared before a Wellsville audience, and that he is an artist, concerning whose future there can be no doubt.

A pleasing feature of the evening was the singing of Miss Vierheller. She captivated the audience by her first effort, and throughout the evening was greeted with enthusiastic applause. Should she ever return she will doubtless be accorded a splendid reception. The recital was beyond question the most important musical event of the season.

The News of Wellsville.

A petition is being circulated and numerous signed to the effect that the person mentioned is sober, honest, truthful and industrious, but having been unemployed for the past 15 years they recommend him for a position on the police force.

Mrs. J. R. Junkin with Misses Anna and Harriet are visiting in Pittsburg today.

The peach orchards are presenting a gorgeous appearance, the late warm rains having brought out the blossoms in profusion.

The Elite dancing club are preparing for a ball to be given May 6.

At the congregational meeting held at the Second Presbyterian church E. S. Mills and J. N. Huston were elected as elders, and D. G. Paisley, P. H. White, J. L. Porter and John Kelley were elected trustees.

DIED SUDDENLY.

John Spence Died From an Attack of Heart Trouble.

LISBON, April 15.--[Special]--John Spence, at one time surveyor of Columbiana county, died this morning at his farm in Elkrun township. He has been ill for several days, but members of his family did not think he was in danger.

Mr. Spence is known to a number of people in East Liverpool where his sons, W. H. Spence and Frank Spence, practiced law a few years ago.

ELECTED THE OFFICERS

Sunday School Workers Held a Meeting.

GEORGE C. MURPHY IS PRESIDENT

Rev. S. B. Salmon Will Represent the Association at the Damascus Gathering. Another Session Scheduled For Next Week.

The meeting of superintendents and officers of the various Sunday schools in the city at the First Presbyterian church last night was well attended, 30 being present.

George C. Murphy was made chairman of the meeting, and Reverend Reed was asked to state the object. This was done, and everything in detail was spoken of. The object was the same as stated in this paper yesterday.

The election of officers came next, and after considerable balloting, the following were declared elected: President, George C. Murphy; vice president, John Scott; secretary and treasurer, George Pickering. Several names were presented as delegates to Damascus, but Rev. S. B. Salmon was selected.

Another meeting will be held at the same church April 25, when the bylaws and constitution will be adopted. At this meeting the delegate will receive his instructions, and be asked to report at a meeting held the week following the convention.

Much interest was shown at the meeting last night, and good work is expected to come of the movement.

GRAND CONCERT.

Music Lovers Will Have a Treat at the First Presbyterian Church.

Arrangements are now being made by Miss Carrie E. Kountz, assisted by Miss Carrie Angell, the noted Pittsburg soprano, Miss Lida Andrews, Miss Lida Belle Kountz, Ed H. McIntosh and Mrs. Atwood W. Thomas, for a grand concert to be given in the First Presbyterian church, East Liverpool, on Thursday evening, April 28, for the benefit of the church. Miss Angell will render at least three selections. She is a charming vocalist, and her services are in great demand. The program is a splendid one, and you should not fail to secure choice seats at an early date, as the church will be crowded. Tickets are now on sale at J. R. Warner's shoe house. General admission 35 cents. Reserved seats 50 cents.

One Man Who Is Willing.

W. S. Brown, of the Chicago, Milwaukee and St. Paul railroad and J. F. Constans, of the Frisco, were in the city today looking for business and incidentally talking war.

"I'll go to the front if Brown promises to accompany me," said Mr. Constans. "Just think what fun a cannon ball would have with him," and he laughed as he surveyed his friend's 250 pounds and thought with satisfaction of his own 125.

If war does come you will want shoes just the same. Call and get a pair from our elegant spring stock.

OLD COLONELS GO FIRST

If the National Guard Is Called For Service.

THE FIRST AND FOURTEENTH

Will Be Used at Once While the Others Will Come in Regular Order—The Arrangement Will Keep the Eighth at Home for a Time.

It is probable the patriotic boys of Company E will not have an opportunity to show their faithfulness for the flag by being among the first called into the field should there be war.

National Guard circles are interested in discussing what regiments of the Guard will be called upon for service. The announcement is made that the president will call two regiments of the Guard from each state, to reinforce the regular troops. The Columbus Journal says editorially:

"Taking for granted this arrangement will be carried out, there is much speculation over the regiments to be called. In Indiana there is some talk of taking picked companies from each regiment, and in several other states the matter may be decided by lots drawn by the governor. In Ohio it is thought military law and precedent will settle it, and regiments will go according to the seniority of the colonels commanding. In this case the First regiment of Cincinnati, commanded by Colonel C. B. Hunt, and the Fourteenth regiment of Columbus, commanded by Colonel A. B. Coit, would be called. In a crisis where all the militia are eager for active service, the Ohio plan is the only arrangement that will avoid discontent and be regarded as entirely fair by all guardsmen, from the privates in the ranks to the commanding officers."

BROKEN GLASS

MORE BUSINESS

Is what we're after; more men's suit business. You who have your clothes made to order, you're whom we want—you're whom we intend to get. Our good clothes must come into your notice. You must wear 'em a season and you'll never go to a tailor any more. But how to bring you to us is the burning question. Oh, we are doing a large business; we're not suffering for want of custom; but there are others, custom made garment wearers, whom we want in our good clothes.

HERE'S HOW

We propose to bring you. First our correct garments; right in colorings, styles, shape, that make them good form,

absolutely correct. Then, with our price, and that's where the figure above comes into play. Today we have \$8.00 suits, stylish garments, in grays, browns, tans and many other pretty colorings. Plain black, blue and brown serges, fine thibets, twills, cheviots, fancy cassimeres and worsteds, all these suits made up in the single breasted three or four button cutaway sacks, double breasted sacks, cutaway and regent frocks, that are actually and honestly worth \$15 and some \$18. Why, they haven't their peer in East Liverpool for tailoring, fit or workmanship. All this goodness is here today and until they're gone at \$9.50, and our tailors hold themselves ever ready to make any necessary alteration.

Possibly you don't care to wear a \$15 suit, such as we sell for \$9.50.

Being East Liverpool providers, we've made provision for all sized purses, all kinds of tastes. Here's an especially fine value in single or double breasted sacks, many good weaves to choose from, \$12 is what others say, here they are, but

\$7.50

Or, if you wish to go still lower in the range of prices, we've got suits that anybody (good judges) will tell you are \$8 or \$9 garments, and truth tell their judgment is right; we only ask
